

We focused on writing.

We share ideas on the theme.

We would like to express our immense gratitude for the kindness extended during our time at your school. Also, we do appreciate each host family's help and all the parties' support that were involved with this project.

It was our pleasure to visit and we hope that it can be repeated next year.

\* Excursions

We enjoyed unspoilt, gleaming white beaches, crystal clear waters at Rottneest Island. The scenery feeds our eyes.

We hired bikes and cycled between the white sandy beaches. The fresh wind braced us.

We took part in a tour at West Australian University. We are all ears.

We have just arrived at Perth International Airport.

Enjoying the sunrise at Kings Park

With cute Koala at Caversham wildlife park

She was feeding the kangaroos.

We enjoyed sand board at Lancelin Sand Dunes.

It feels like we were in another planet.
